Personal data should only be kept for as long as it is needed. Examples include: A customer joins the Summer Reading Challenge – only keep that data for the duration of administering the campaign and securely dispose of once the promotion and monitoring period is complete. A customer is housebound

and receives regular visits from a volunteer – ensure the list is securely stored and remove customer details when they change or the customer no longer receives the service. Review the list annually. We will ensure that this information is confidentially destroyed at the end of the relevant retention period.
